

# State and Federal Approaches to Improving the School Food Environment

Jason A. Smith, MTS, JD

Public Health Advocacy Institute - Boston, MA

APHA Annual Meeting 2007 - Washington, DC

3320.1

# obesity epidemic

# communities

# environments

# disparities

policies

# consumer movement

linked to industry

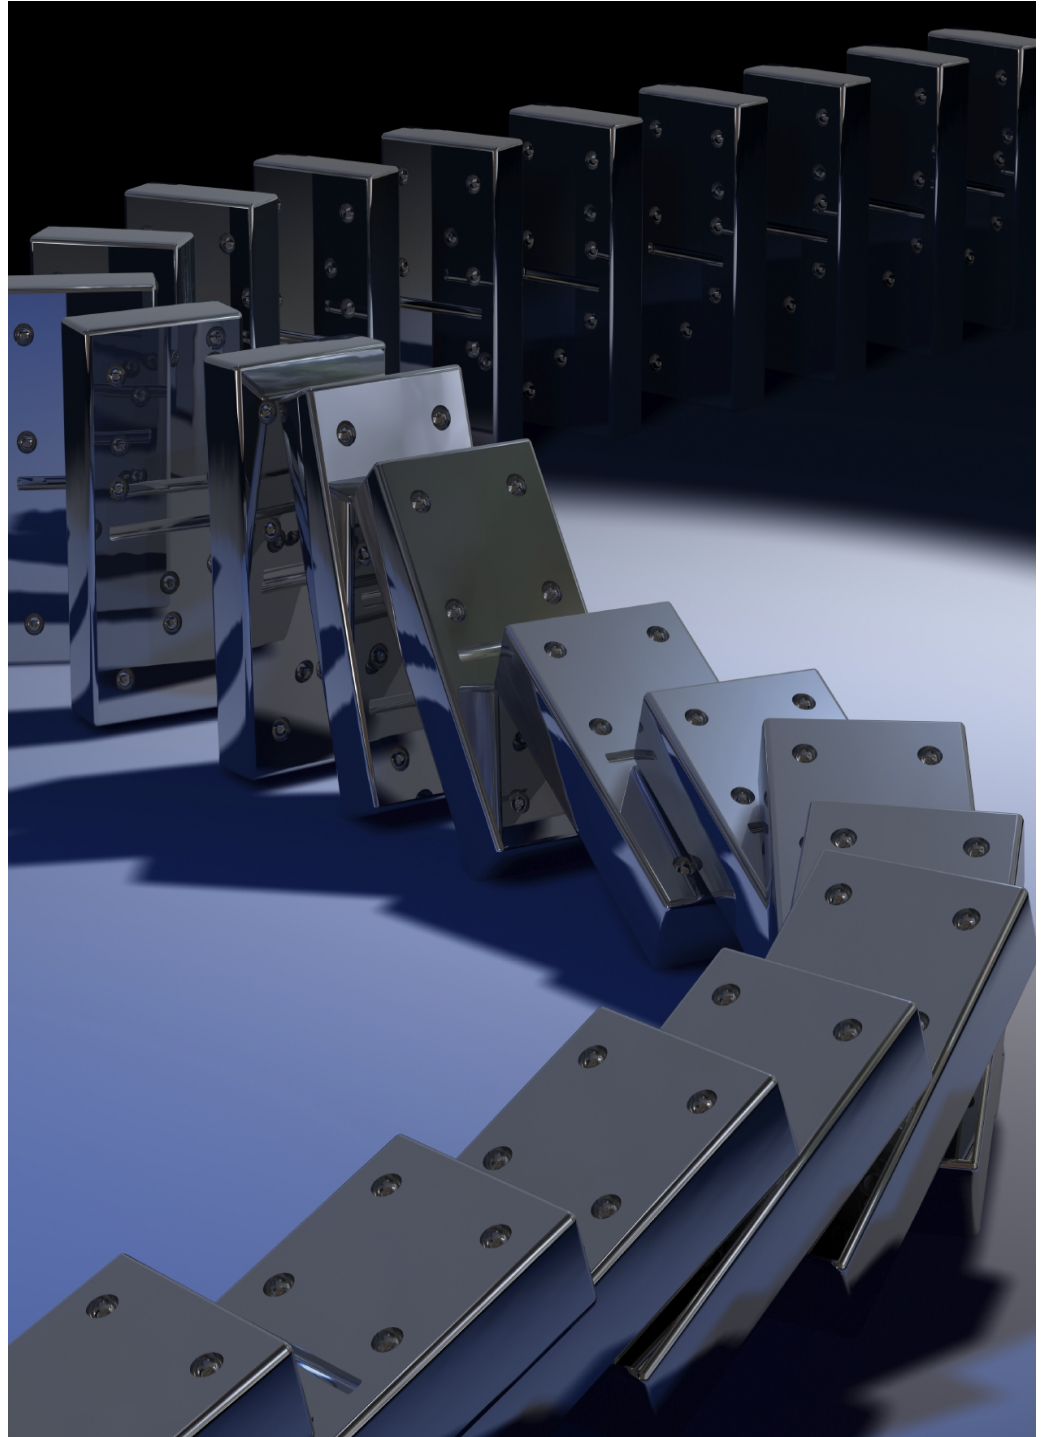

**focus on individuals**

# products

# causation

# federal action / preemption

# public health

# communities

# populations

# disparities

# state focus

why?

good public health

# preemption

go local

public health ≠ consumer advocacy

it's more than the lunchroom

it's more than the food
