

# WHAT'S YOUR STORY?

[www.apiahf.org/storybank](http://www.apiahf.org/storybank)

## ARE YOU HEALTHY?

Do you care about your health? When was your last doctor's visit? Do you translate health information to your family members?

Do you know where to get health resources? Are you worried about losing health insurance after college? Do you keep up with vaccinations? Have you gone to the emergency room before?

Do you have a health story to share? We are looking for people to share their stories and experiences about health and how those issues affect our communities.

To share your story, go to [www.apiahf.org/storybank](http://www.apiahf.org/storybank) and fill out the form.  
Your story can make a difference!
