Slide 8

SAIS Benefits to CSAT

- Enables CSAT to meet GPRA requirements, by generating outcome data on clients served in CSAT's discretionary services and best practices programs.
- Provides CSAT with important information on services provided to clients as well as client outcomes.
- Enables Government Project Officers (GPOs) to monitor their grants and generate needed performance reports.
- Enables CSAT to improve service delivery and program effectiveness.
- Provides evidence of results.
