Center for Comprehensive Care's YOUNG ADULT PROGRAM

★ Comprehensive medical and support services for all HIV+ youth (ages 13-24) receiving care at the CCC

★ **Weekly educational and support groups** for HIV+ youth with focus on:

- New media skills
- Creative expression (theater, filmmaking, music)
- Educational and work opportunities
- Sexual health
- Healthier eating and cooking
- Meditation and stress-reduction
- Medication adherence

★ **Monthly weekend outings and activities** (Broadway shows, ice skating, bowling, holiday celebrations)
