Cancer Research and Community Health*

Patient Guidance

The goal of Project C.H.U.R.C.H. is to better understand factors that contribute to the unequal burden of cancer among African Americans. However, we recognize that you or a family member may be struggling with a cancer diagnosis and we want to be of some help. Getting cancer care can be a somewhat difficult process. We will help to break down some of the barriers to getting care and provide you with information about how to receive treatment at MD Anderson or other cancer facilities in the area.

For more information, contact Cassandra Harris at 713-792-3KBC (3522) or church@mdanderson.org
