

## **Implementing the National Prevention Strategy: A Discussion Across 4 Priority Areas**

---

***Discussion Notes for (please write priority area):*** \_\_\_\_\_

- 1) How do you use the NPS, and specifically how does the NPS help you to advance your work?**

***Please leave these notes on your table.***

**2) Cross-sector collaboration:**

- a. **What resources do you currently utilize to collaborate across sectors (education, housing, defense, justice, etc...)? *Note: By Resources we are broadly referring to technology such as websites, social media, and other communications tools. (Please list and describe “go to” RESOURCES and/or websites you use on a regular basis)?***
  
- b. **Is there anything else that helps to facilitate cross-sector collaboration? *Note: such as cultural dimensions (eg social norms) community assets (eg social capital, organization networks, social trust), other dimensions of community capacity such as community leadership and power, sense of community and local history etc.***

**3) What challenges have you experienced in working across sectors?**

***Please leave these notes on your table.***

- 4) What information and/or resources do you need to address those challenges and/or to implement the strategic directions or priorities within the National Prevention Strategy?**
