WHAT IS PUBLIC HEALTH?

The science and art of protecting and improving the health of communities through education, promotion of healthy lifestyles, and research for disease and injury prevention.

WE ARE...

PUBLIC HEALTH.

Hui Ola Pono is the student group of the University of Hawaii at Manoa Office of Public Health Studies.

A VEHICLE.

The Hui provides a vehicle for public health students to present the ideas, interests, and concerns of the members of the student body.

A LIAISON.

It serves as a liaison between the students, faculty, and administration. The Hui facilitates communication and involvement among students through scheduled meetings, coordination of social and educational activities, and dissemination of necessary information.

AN OPPORTUNITY.

It is an organization that provides students with opportunities to promote Public Health within both the university and Hawai'i community at large through outreach, education, and fundraising.

A COMMUNITY.

The Hui provides support and guidance for incoming students and links students in the Public Health program with other students and Public Health professionals locally, nationally, and internationally.
