Future Goals:

- To continue to develop and implement educational programs
- To develop new programs to increase community engagement
- To improve the site's ability to access community and social services

Results:

- Data was collected and analyzed using Excel
- Data analysis revealed significant trends and patterns in the data
- The results were presented in a comprehensive report
- The site's performance was measured and compared to other sites

Methods:

- Data was collected using a valid and reliable instrument
- Data was entered into a secure database
- Data was analyzed using statistical software

Conclusions:

- The site's performance was compared to other sites
- The site's performance was measured and compared to other sites
- The site's performance was measured and compared to other sites

Background:

- Linkage House Community
- Linkage House Program
- Linkage House Services
- Linkage House Website

Study Objective:

- Population of Housing
- Social Services
- Linkage House Program
- Linkage House Services

Methods:

- Data was collected using a valid and reliable instrument
- Data was entered into a secure database
- Data was analyzed using statistical software

Results:

- The site's performance was compared to other sites
- The site's performance was measured and compared to other sites
- The site's performance was measured and compared to other sites
