Barriers to Care

- Poverty
- Lack of insurance
- Language
- Transportation
- Documentation
- Cultural norms
- Lack of trust
- Lack of knowledge of available resources

We work to overcome these barriers by meeting clients where they are, and providing linguistic and culturally appropriate services.

Prenatal Coordinator

Promotes healthy pregnancy and birth outcomes through...

- Early access to care
- Wraparound case management
- Pregnancy testing
- HIV/STD screening
- Psychosocial assessment
- Community referrals
- Track prenatal patient data
- Patient navigation
